Term 3, Issue 1—September 2019

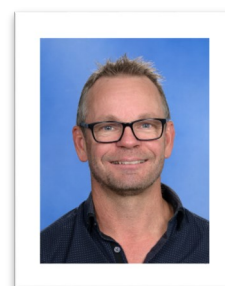

ANSS Reminders

Introducing Sue

My name is Sue Blight and I am the new Business Manager at ANSS until the end of the year. I am looking forward to meeting our parent and carer community and assisting with any questions you may have.

Non-department Service Provision at ANSS

At times families decide that their child's educational access, participation and achievement will be improved through NDIS or other non-department service provision at school.

ANSS hosts service providers from a number of organisations and a range of specialisations including speech pathology, occupational therapy and physiotherapy. Service provision may consist of occasional observations / consultations or regular appointments. Service providers use our dedicated Learning Lounge or negotiate to work in classes, common areas or school yards.

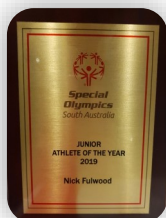

We follow Department for Education procedures to: make decisions about approving or declining requests for service provision at school on a case-by-case basis; ensure student safety during service provision; and schedule service provision appointments at times and in places that minimise disruption to teaching and learning programs.

During Term 4 we will be reviewing current service provision appointments in readiness for a smooth start to 2020. **We are therefore unable to process requests for new services or requests for changes to existing services during Term 4.** Any requests for new services received during Term 4 will be held over until early 2020. Service providers have been notified about this.

We appreciate your support and understanding in helping us to streamline services to achieve the best outcomes for each student.

Nick Brings Home the Trophy

CONGRATULATIONS to Nicholas Fulwood for winning the **SA Special Olympics** trophy for **Junior Athlete of the Year 2019**. We've always known Nick was a champion! Top effort!

*An amazing achievement
Nick! Thank you for
representing your family
and yourself in an
exemplary manner.*
